

Session, Internet, and Print Management... Now Easier than Ever Before!

Simpler SAM is based on the leading access management software product for public libraries, SAM, Smart Access Manager. It combines all the best features of SAM without burdening you with the cost and complications of servers and advanced network hardware.

Simpler SAM comes complete with Session Manager for controlling patron session times, Internet Manager with an optional multi-level filtering solution, and Print Manager to recover and control print costs. In addition, with Report Manager you can get a full range of usage data about your PCs.

Simpler SAM is a hosted solution. Comprise takes care of the servers at our secure, remote data center. All you need are PCs and an Internet connection. Along with an optional Sign-Up Station, Simpler SAM is professional PC access management, easier and cheaper than ever before!

The Easiest Solution for Managing Public PCs

Session Manager	Enforces session rules for patrons and visitors
Internet Manager	Automatically provides your filters Internet access levels by Patron <i>not</i> by PC
Print Manager	Applies your print limits, enabling you to control and recover print costs
Report Manager	Places usage data at your fingertips
Options:	
Sign-Up	Makes it easy to sign up for a PC while in the library
Filter	Adds Multi-level Filtering to your Internet access

*With **Simpler SAM** you're supported by our professional staff, not by a 3rd party dealer!*

Session Manager

Lets you regulate how long people can use the library's computers and always warns the user before taking any action.

Simpler SAM's Session Manager also controls:

- ✓ Inactivity Time
- ✓ Remaining Time
- ✓ Closing Time

Internet Manager

Simpler SAM uses patron information to regulate access to the Internet.

Optional Multi-level Filtering includes:

- ✓ Access Level Control by Patron, not by PC
- ✓ Birth Date Driven Internet Access Levels
- ✓ Automatic Access Level Advance at Milestone Ages

And you can choose any combination of these library-based Internet Filter Levels:

	Instant Msg.	File Transfer	Extreme Porn.	Porn.	Anon. Proxy	Web Chat	Criminal	Hate Speech	Alcohol	Dating	Drugs	Gambling	Phising	Portals	Weapons	Alt. Lifestyles	Profanity	Blogs	Occult	Sex Education	Under Const.	Malformed URL	Adware	Web Email
CIPA Level 1	Blocked																							
CIPA Level 2	Blocked																							
CIPA Level 3	Blocked																							
CIPA Level 4	Blocked																							
Open	Open																							

Print Manager

Simpler SAM's client-only print solution can handle the most demanding patron print requirements.

Simpler SAM Print Managers feature:

- ✓ Option to Limit Print Pages
- ✓ Variable Charge by Printer
- ✓ First "x" Pages Free
- ✓ Print Separator Page for Invoice/Receipt/Privacy

Sign-Up Manager (Optional)

Lets patrons sign up for computers while they are in the library. Sign-Up Manager enables patrons to assign the next available PC with true queuing technology. Sign-Up Manager alerts users of their assigned PC at both the Sign-Up Station as well as the welcome screen of the assigned PC.
