

SmartALEC

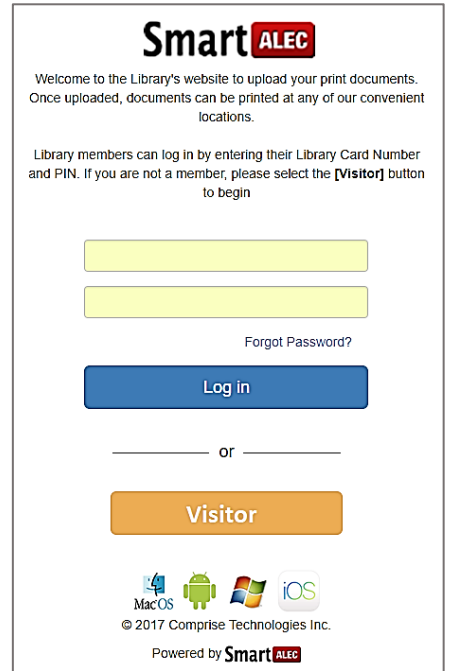

Mobile Printing & More For Libraries!

SmartALEC is the only solution for mobile printing at a library!
 SmartALEC lets users go directly to a Print Release Station from their Smartphone, tablet, or laptop... no need to email!

SmartALEC engages users with *your* library because they upload documents by visiting *your* website!

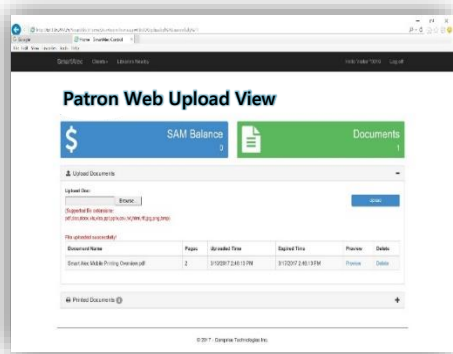

SmartALEC is Easy as 1, 2, 3:

①

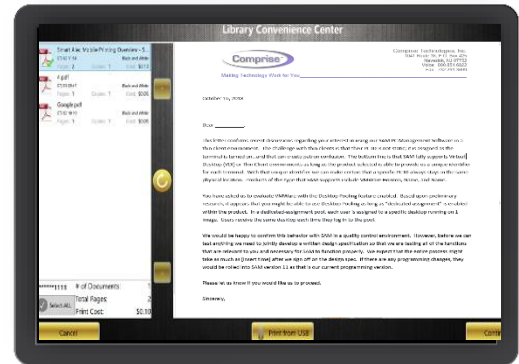

Login with library or visitor card and upload your document. No need to identify location or printer... just go to your library and print!

②

③

All you need to get started is SmartALEC and a Print Release Station!

SmartALEC made for Libraries!

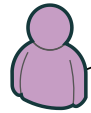

Web Upload

1. Go to Library Website
2. Click [Print My Doc]
3. Enter Patron or create Visitor ID
4. Browse to select File(s)
5. Click [Send to Print Que]

Patrons
Or
Visitors

SmartALEC
Host Server

APP Send (Wi Fi or cellular)

1. Download SmartALEC (APP Store, Google, etc.)
2. Register Patron or create Visitor ID (*enter once, stays in device*)
3. Click [Print] from any App that has a print button

Any Library Branch
Users can send print documents by the method convenient for them (Upload or APP).

Print Release Station

SmartALEC Print Release combines documents generated inside or outside of the building.

1. Enter User ID
2. View your private Print Que (documents store up to 30 days)
3. Option to Print Preview and select Printer & Attributes
4. Configure to pay "As-You-Go" and/or by Pre-Paid Account
5. Document(s) Print

Other mobile print products just don't stack up in a library environment:

Feature	Smart ALEC	Others, using "Paper Cut"	Others, using "PrinterOn"
